

NEGRO NEWS NOTES

Gathered Through Star News Service Channels

The white citizens of the Hyde Park district, Chicago, have inaugurated a propaganda of non-employment of Negroes, as a means of discouraging our race to live in that section.

In a ten round boxing bout at Kansas City, under auspices of the Wayne Minor Post, American Legion, at Labor Temple last Wednesday, the noted Lee Patterson Negro Champion of the A. E. F., over the Fighting Butcher, alias Smith.

Mr. A. G. W. Sango, the well known Creek Nation Attorney, is listed as one of the honorary members of the Negro Business Men's Noonday Club, Kansas City, Mo.

The Hon. M. D. L. Cox, well known attorney of Coffeyville, Kan., appeared in a very important case last week in the Criminal Court of Appeals, Oklahoma City, Okla.

As Federal Farm Demonstrator, located at Wewoka, Mr. E. B. Moore of Oklahoma City, Okla., is acquiring himself creditably to race and self.

The Smarter Set Company was delightfully entertained by the "Four Hundred Pleasure Club" during its recent visit to Oklahoma City.

Dr. Charles Stewart of Chicago and elsewhere lectured to the students of Langston University, Langston, on his recent Oklahoma tour. The Doctor was highly pleased with the evidence of excellent management under President J. M. Marquess, and faculty.

Recently at Boley, Oklahoma high school under direction of Mrs. Bythella Sensely-Taylor, the little 4th "A" and 5th "A" pupils rendered a particularly pleasing program. The little folks built a Washington Monument, explaining all the inscriptions and giving important dates.

Dean William Pickens, field Secretary of the N. A. A. C. P., considered one of our best living orators, will address the citizens of Oklahoma City, on April 17, under auspices of the order he represents.

Attorneys E. L. Barbour of El Reno, Okla., and Fred C. Helm of Wichita, Kan., representing Mrs. Hortense Bradford, proprietress of the White Way Cafe, and a prominent society lady of Wichita, Kan., have entered suit for \$4000 damages against the Peerless Theatre. Mrs. Bradford in her petition sets forth that after she had been sold admission to said theatre, she was denied a seat and ejected therefrom on account of her color.

The city of Wichita, Kan., has a park located in that part more numerous populated by Negroes than by whites. As naturally can be expected this park has received less attention than parks elsewhere in Wichita. Recently a Rev. Grier wrote asking for the park to be set apart especially for the colored people. The Wichita Protest editor and other leading citizens are protesting against "Jim Crowing" the park, especially for the reason that there are a number of white families in that section equally entitled to use of the park as the colored.

ANTISALOON LEAGUE

WANT LIQUOR DENATURED

League Asks Government to Buy 75,000,000 Gallons and Make Them Undrinkable.

(Star News Service.) CLEVELAND, O., Mar. 12.—With the enforcement of the national prohibition amendment, the distillers of whiskey found themselves with 75,000,000 gallons of liquor in government bonded warehouses and entirely out of their control. The Anti-Saloon League realizing that so long as there is that much good "hick" within the confines of America, there will be a hankering for it, have devised the scheme of having the United States government purchase this vast quantity of booze, paying a reasonable price therefor. It is then suggested that the government poison or denature it, and dispose of it as denatured, hence undrinkable liquor.

"LAW" ATTACHES BANK ROLL OF BOY MOONSHINERS

Two Muskogee Negro Boys Made Enough Whiskey to Float a Steamboat

(Star News Service.) MUSKOGEE, Okla., Mar. 12.—Two Negro youths, both under age, are in the grip of the "law" for manufacturing whiskey, not by the pint, nor quart, nor gallon even, but by the barrel. These two boys, Wilbur Kelley and his younger brother, not knowing when the prohibition amendment would be repealed, and possessed of deep sympathy for their fellows who felt like the Governor of North Carolina when he said to the Governor of South Carolina, "It's a long time between drinks," they laid in the necessary machinery to carry them over a long "dry spell." Soon after last July 1st when "Mr. Tiger," of the Smarter Set went "blind," Wilbur and his brother with their distilling outfit began the making of whiskey and soon built up a lucrative retail whiskey business of over \$1000.00 per month for themselves. At this rate it would not have been long before these youth would have been in the Sarah Hector class of young millionaires. But and but again, the Law, old U. S. Law, let me tell you, stepped in at 6th and Fremont, when the Kelley boys weren't expecting visitors, and found nine large 50-gallon barrels full of fine old Oklahoma corn juice. "The Law" with a spirit of greatest unfeeling for others proceeded to roll the barrels into the yard and knock the heads in, giving to the crowd of Negroes living in the neighborhood that gathered around, a never to be forgotten spectacle of a young ocean of booze being spilled and seeping its way back into Mother Earth from where it had originally sprung into life from little seed corn.

The youthful Negro Wallingfords were arrested and after several days in jail were let out on bonds. It is not believed possible that very severe punishment will be meted out to them on account of their tender age, but of course, they are Negro boys and there is no telling. The U. S. government sleuths learning that the Kelleys had mixed considerable sense with their wrong doing by depositing their business profits in local banks, have undertaken through legal process to get possession of their bank roll, which amounts to approximately \$2500.

The bank account of the young

Negro bootlegger here has been attached by the government on the ground that the Federal licenses have not been paid. Here is the bill presented to Wilbur Kelly for operations said to cover nine months: Federal tax as retail liquor dealer with 25 per cent penalty \$937.50; federal tax as wholesale liquor dealer with penalty \$937.50 tax on manufacture of 111 gallons of whiskey with double tax for attempt to evade \$1420. Total is \$3,395.

His bank account of \$2,220 can be stretched to meet this if he is given a few days to operate, it is said. His income for a few months last fall from his still, which was operated in town, was about \$1000 a month, but he spent most of it on his friends and on himself.

NEGRO SONG WRITER HAS PHENOMENAL SUCCESS

Professor Winkfield, Song Writer, Sole Publisher of Own Works

Prof. O. Willis Winkfield, of Tulsa, Okla., who bears the distinction of a song writer as well as an author, has become sole publisher of his own works. He has just received from the press, several thousand copies of four of his latest song hits which the music dealers are selling with phenomenal success.

The songs that this master of melody has written, that are popular in the Southwest are: "Sunshine After Rain," "Peace Our Pretty Dove," "Her Heart in Smile" and "The Sublime," the latter song will surely merit its way among the classics. It is a sacred number, which lifts you in thought.

The lyric: "Sunshine After Rain" was written by the young author in 1912 and was set to music by Jack Standley of Washington, D. C. The publisher of the song soon went out of business, canceling contract covering terms of publishing the song. The writer of this song has revised it and set it to very enchanting music.

These songs will be issued at wholesale prices to dealers and retailers to the public. The proceeds of The Soul Sublime will go to the building fund of the First Presbyterian Church, Tulsa, Okla., for the first year.

WILSON WOULD NOT MEET DISTINGUISHED NEGRO

Dr. Henriquez Carvajal Only Wanted to Free San Domingo of Oppressive American Rule.

(Star News Service.)

Kincheloe Robbins in current issue of The Nation says:—"While dominating the sessions of the Peace Conference at Paris, Mr. Wilson, according to Ray Stannard Baker, busy as he was in his efforts to make the world safe for democracy, always found time to hear appeals for justice from the oppressed nationalities in Europe. Perhaps it was because of his devotion to the interests of small European nationalities that he had no leisure for matters nearer home. At any rate, when Dr. Francisco Henriquez Carvajal, who is still de jure President of the de jure Dominican Republic, went to Paris expressly to present his country's case to Mr. Wilson, in the expectation that the League of Nations might extend its benevolent supervision to the western hemisphere, Mr. Wilson could not find time to see him.

When the President of the United States returned to America, Dr. Henriquez followed him. An attempt to arrange an interview with Mr. Wilson in New York having failed, Dr. Henriquez spent several weeks in Washington prior to the western speaking tour which ended with Mr. Wilson's illness. Pressure of public business made it impossible for Mr. Wilson to receive Dr. Henriquez in Washington at that time, so the Chief Magistrate of the erstwhile Dominican Republic decided to prolong his sojourn until Mr. Wilson completed his tour. While in Washington he got as far as the chief of a bureau in the Department of State, who suggested that he ought to present a brief, setting forth the arguments of the Dominican people against the permanent occupation of their country by the United States. The brief was prepared and submitted, but brought no response. Dr. Henriquez lingered in the capital after the President's return until it became apparent that Mr. Wilson would be unable to transact any kind of business for many weeks, and finally returned to his home in Santiago de Cuba, where for many years he has been a leading physician."

PASTOR FLAYS DANCE HALLS AND JOY RIDING

"Watch Our Girls"—Tulsa Star Free of Charge

(Star News Service.)

OKLAHOMA CITY, Okla., Mar. 12.—"The joyrider is the greatest menace to society. Even motorcycles are used to carry girls. Fast driving is intoxicating, and with her nervous nature unstrung, the girl is an easy victim to degenerates even though they are in the guise of young sons of prominent families," declared Rev. I. Frank Roach, from the pulpit of the First Methodist Church last night, in opening the clean-up drive in this city.

Next to joyriding, Dr. Roach blamed the public dance hall as contributing to the delinquency of young girls. This installment plan of buying expensive clothes came in for its share of the blame.

As a remedy for the evil the minister prescribed the whipping post for the consorts of immoral women and the placarding of houses in which were venereal diseases.

The campaign against alleged existing immoral conditions in Oklahoma City is being carried on by the welfare board with the active co-operation of the city ministers.

The welfare board will meet tonight to take steps to procure \$5,400 from the budget of the United Charities with which to carry out the work.

WHOLE WORLD BROKE EXCEPT UNITED STATES

(The Star News Service.)

NEW YORK, Mar. 12.—Count Bernstorff, formerly German Ambassador to America, is authority for the statement that the whole world is "broke" financially, except the United States. But The Star after looking again and again at a number of delinquent subscriber and advertising accounts on its ledger pages, is inclined to believe the United States must be "broke" in spots too.

TRYING TO MAKE AN ARKANSAS OF HAITI

Letter of an American Colonel Shows Christian Spirit of Americanizing Haiti

(Star News Service.)

The current issue of the Nation contains following article entitled "American Rule in Haiti," which speaks for itself:

The status of civil rights in Haiti under American military domination is indicated in the document printed below, the text of which is taken without change from L'Essor (Port-au-Prince), for January 17, where it was printed in French and in English.

Headquarters, First Provisional Brigade U. S. Marine Corps, Port au Prince, Republic of Haiti, January 16, 1920.

Citizens of Port au Prince:

On the morning of the 15th of January, bandits to the number of approximately 300 endeavored to enter your city under cover of darkness.

The bandits were promptly met by several Gendarmes and Marine Patrols, driven from the city with a loss of over one-half their number, and forced to flee in a terrorized state, to places of assumed safety to await further opportunity to escape.

They were closely followed by Patrols, driven to the hills where they are still being successfully pursued.

Rumors of an undue furor among non-military persons. On the morning of the 16th an uncalculated and absurd rumor of the presence of bandits was started by irresponsible persons, which rumor was unwisely spread throughout the city, causing unnecessary apprehension on the part of its inhabitants.

Citizens are cautioned not to repeat such rumors, and anyone found guilty of doing so will meet with just and summary punishment.
